(Disposable Tobacco System Inserts)

Dear Charles:

Enclosed for review by you and the inventors (M.E. Counts and S. Wrenn) is a first draft of the patent application for this case. In addition to the suject matter disclosed in D-886, it incorporates some of the subject matter disclosed in D-908, sent to us by fax on April 30, 1992.

Also, Mary Ellen Counts has informed us that Murphy Sprinkel used carbon fibers, although for a different purpose, in cigarette paper for a sidestream project back in 1983. Can you please track down the relevant case and provide us with any information which should be brought to the attention of the Patent and Trademark Office in the Information Disclosure Statement to be filed with this case. Additionally, if you or the inventors are aware of any other information, please let us know.
